

GBA Compensation Guides and Contracts

GBA

The board shall develop compensation guides for the district. Unless otherwise determined in the meet and confer process, the salary schedule as established by the board will be funded, meaning certified staff may be given a step down the column for each year of experience, and those certified staff members meeting requisite hour and/or degree requirements may be granted the opportunity to move laterally, as applicable.

Certified staff members will have 185 contract days required by their primary contract. Extended days contracts may be offered as determined by the board.

Approved: 7/16/2015

KASB Recommendation – 2/14
